Cell Differentiation and Development, 25 (1988) 235, 236
Elsevier Scientific Publishers Ireland, Ltd.

Author Index Volume 25

Al Moustafa, A.-E., Raes, M.-B., Saule, S. and Dieterlen-Lièvre, F.
Targets of v-myc tumorigenesis in the avian embryo depend on time and not on site of retroviral infection (25) 119
Andrew, A., see Rawdon, B.B. (25) 135
Araki, M., Watanabe, K., Tokunaga, F. and Nonaka, T.
Phenotypic expression of photoreceptor and endocrine cell properties by cultured pineal cells of the newborn rat (25) 155
Arefieva, A.M., see Brodsky, V.Y. (25) 177
Atsuchi, Y., see Shiokawa, K. (25) 47

Beloussov, L.V., Lakirev, A.V. and Naumidi, I.I.
The role of external tensions in differentiation of *Xenopus laevis* embryonic tissues (25) 165
Bernimoulin, J.-P., see Zimmermann, B. (25) 145
Biddulph, D.M., Dozier, M.M., Julian, N.C. and Sawyer, L.M.
Inhibition of chondrogenesis by retinoic acid in limb mesenchymal cells in vitro: effects on PGE_2 and cyclic AMP concentrations (25) 65
Bierne, J., see Rué, G. (25) 11
Brodsky, V.Y., Carlson, B.M., Arefieva, A.M. and Vacilieva, I.A.
Polyploidization of transplanted cardiac myocytes (25) 177

Capco, D.G., see Perry, B.A. (25) 99
Carlson, B.M., see Brodsky, V.Y. (25) 177

Degenstein, L., see Moscona, A.A. (25) 185
Dieterlen-Lièvre, F., see Al Moustafa, A.-E. (25) 119
Djabali, M., see Khrestchatisky, M. (25) 203
Dozier, M.M., see Biddulph, D.M. (25) 65

English, V., see Scott, R.J. (25) 109

Fontes, M., see Khrestchatisky, M. (25) 203
Fu, Y., see Shiokawa, K. (25) 47

Guernsey, D.L., see Ketelaar, D.A. (25) 89

Habata, Y., see Urushihara, H. (25) 81
Huchon, D., see Jessus, C. (25) 57

Ikenishi, K., see Shiokawa, K. (25) 47

Jessus, C., Thibier, C., Huchon, D. and Ozon, R.
Taxol reveals cortical sites of microtubule assembly in *Xenopus* oocytes. Role of the nucleus (25) 57
Julian, N.C., see Biddulph, D.M. (25) 65

Ketelaar, D.A., Utesch, G.R., Sierra, E. and Guernsey, D.L.
Mesodermal cell lineage determination and proto-oncogene expression (25) 89
Khrestchatisky, M., Djabali, M., Thouveny, Y. and Fontes, M.
Expression of muscle actin genes in early differentiation stages of tail regeneration of the urodele amphibian *Pleurodeles waltlii* (25) 203

Labourdette, G., see Loret, C. (25) 37
Lakirev, A.V., see Beloussov, L.V. (25) 165
Le Douarin, N.M., see Xue, Z.G. (25) 1
Lee, Y.R.
Changes in the protein components of vitelline envelope during oogenesis of a tubiculous polychaete, *Schizobranchia insignis* (25) 23
Loret, C., Sensenbrenner, M. and Labourdette, G.
Maturation-related gene expression of rat astroblasts in vitro studied by two-dimensional polyacrylamide gel electrophoresis (25) 37

Merker, H.-J., see Zimmermann, B. (25) 145
Moscona, A.A., Moscona, M. and Degenstein, L.
Embryonic cell recognition: uncoupling tissue-specific affinities from cell-type specificities (25) 185
Moscona, M., see Moscona, A.A. (25) 185
Murdoch, S.E. and Showman, R.M.
Temporal and spatial expression of embryonic alkaline phosphatase activity in the surf clam, *Spisula solidissima* (25) 213

Nakakura, N., see Shiokawa, K. (25) 47
Nakazato, S., see Shiokawa, K. (25) 47
Naumidi, I.I., see Beloussov, L.V. (25) 165
Noguchi, T., see Scott, R.J. (25) 109
Nonaka, T., see Araki, M. (25) 155

Ozon, R., see Jessus, C. (25) 57

Peel, S. and Stewart, I.
Time course of the differentiation of granulated metrial gland cells in chimeric mice (25) 197
Perry, B.A. and Capco, D.G.
Spatial reorganization of actin, tubulin and histone mRNAs during meiotic maturation and fertilization in *Xenopus* oocytes (25) 99
Petit, A., see Samsel, J. (25) 223

Raes, M.-B., see Al Moustafa, A.-E. (25) 119
Rawdon, B.B. and Andrew, A.
Can proventricular mesenchyme promote differentiation of endocrine cells in gizzard endoderm? (25) 135

Rué, G. and Bierne, J.
Structural and functional relationships between nuclear bodies and the nucleolus–DNA body complex in the oocyte of *Amphiporus lactifloreus* (25) 11

Samsel, J., Petit, A. and Weniger, J.-P.
Sex-specific proteins in normal chick embryo gonads and testis feminized by oestrogen treatment: a two-dimensional gel electrophoresis investigation (25) 223
Saule, S., see Al Moustafa, A.-E. (25) 119
Sawyer, L.M., see Biddulph, D.M. (25) 65
Scott, R.J., English, V., Noguchi, T., Tanaka, T. and Yeoh, G.C.T.
Pyruvate kinase isoenzyme transitions in cultures of fetal rat hepatocytes (25) 109
Sensenbrenner, M., see Loret, C. (25) 37
Shiokawa, K., Tashiro, K., Nakakura, N., Fu, Y., Atsuchi, Y., Nakazato, S., Tsuzaki, Y. and Ikenishi, K.
A possible maternal-effect mutant of *Xenopus laevis*: II. Studies of RNA synthesis in dissociated embryonic cells (25) 47
Showman, R.M., see Murdoch, S.E. (25) 213
Sierra, E., see Ketelaar, D.A. (25) 89
Smith, J., see Xue, Z.G. (25) 1
Somogyi, H., see Zimmermann, B. (25) 145
Stewart, I., see Peel, S. (25) 197

Tanaka, T., see Scott, R.J. (25) 109
Tashiro, K., see Shiokawa, K. (25) 47
Thibier, C., see Jessus, C. (25) 57
Thouveny, Y., see Khrestchatisky, M. (25) 203
Tokunaga, F., see Araki, M. (25) 155
Tsuzaki, Y., see Shiokawa, K. (25) 47

Urushihara, H., Habata, Y. and Yanagisawa, K.
A membrane protein with possible relevance to sexual cell fusion in *Dictyostelium discoideum* (25) 81
Utesch, G.R., see Ketelaar, D.A. (25) 89

Vacilieva, I.A., see Brodsky, V.Y. (25) 177

Wachtel, H.C., see Zimmermann, B. (25) 145
Watanabe, K., see Araki, M. (25) 155
Weniger, J.-P., see Samsel, J. (25) 223

Xue, Z.G., Le Douarin, N.M. and Smith, J.
Insulin and insulin-like growth factor-I can trigger the differentiation of catecholaminergic precursors in cultures of dorsal root ganglia (25) 1

Yanagisawa, K., see Urushihara, H. (25) 81
Yeoh, G.C.T., see Scott, R.J. (25) 109

Zimmermann, B., Wachtel, H.C., Somogyi, H., Merker, H.-J. and Bernimoulin, J.-P.
Bone formation by rat calvarial cells grown at high density in organoid culture (25) 145

Cell Differentiation and Development, 25 (1988) 237–240
Elsevier Scientific Publishers Ireland, Ltd.

Subject Index Volume 25

cAMP
Retinoic acid; Prostaglandin E_2; Chondrogenesis inhibition; Mesenchymal cell; Chick limb bud (Biddulph, D.M. (25) 65)

Astrocytes
Fibroblast growth factor; Maturation in culture; Two-dimensional electrophoresis (Loret, C. (25) 37)

Avian embryo
v-myc Oncogene; Retroviral infection (Al Moustafa, A.-E. (25) 119)

Bone marrow
Metrial gland; Chimera; Differentiation; Deciduomata; Granulated metrial gland cell (Peel, S. (25) 197)

5′-Bromodeoxyuridine
Retina; Cell aggregation; Cell interaction; Suppression of differentiation (Moscona, A.A. (25) 185)

Calvarial cell
Mineralization in vitro; Organoid culture (Zimmermann, B. (25) 145)

Cardiac myocyte
Differentiation of cells in situ and in transplants; Postnatal development; Cellular polyploidization (Brodsky, V.Y. (25) 177)

Catecholaminergic differentiation
Insulin; Insulin-like growth factor-I; Dorsal root ganglia; Tyrosine hydroxylase (Xue, Z.G. (25) 1)

Cell adhesion
Maternal-effect mutant; RNA synthesis; Dissociated cells; Gastrula-arrest (Shiokawa, K. (25) 47)

Cell aggregation
Retina; Cell interaction; Suppression of differentiation; 5′-Bromodeoxyuridine (Moscona, A.A. (25) 185)

Cell culture
Pineal gland; Opsin; Serotonin; Immunohistochemistry (Araki, M. (25) 155)

Cell fusion
Dictyostelium discoideum; Sexual cycle; Membrane protein (Urushihara, H. (25) 81)

Cell interaction
Retina; Cell aggregation; Suppression of differentiation; 5′-Bromodeoxyuridine (Moscona, A.A. (25) 185)

Cellular polyploidization
Cardiac myocyte; Differentiation of cells in situ and in transplants; Postnatal development (Brodsky, V.Y. (25) 177)

Chick embryo feminized testis
Sex-specific protein; Two-dimensional electrophoresis (Samsel, J. (25) 223)

Chick limb bud
Retinoic acid; Prostaglandin E_2; cAMP; Chondrogenesis inhibition; Mesenchymal cell (Biddulph, D.M. (25) 65)

Chimera
Metrial gland; Differentiation; Bone marrow; Deciduomata; Granulated metrial gland cell (Peel, S. (25) 197)

Chondrogenesis inhibition
Retinoic acid; Prostaglandin E_2; cAMP; Mesenchymal cell; Chick limb bud (Biddulph, D.M. (25) 65)

Coiled body
Nucleolus; Nuclear body; Oocyte; NOR-silver-staining; Nemertean (Rué, G. (25) 11)

Cortex
Egg; mRNA; *Xenopus* (Perry, B.A. (25) 99)

Cytodifferentiation
Gastrin-releasing peptide cell; Gut endocrine cell; Regulatory peptide (Rawdon, B.B. (25) 135)

Deciduomata
Metrial gland; Chimera; Differentiation; Bone marrow; Granulated metrial gland cell (Peel, S. (25) 197)

Dictyostelium discoideum
Sexual cycle; Cell fusion; Membrane protein (Urushihara, H. (25) 81)

Differentiation
Metrial gland; Chimera; Bone marrow; Deciduomata; Granulated metrial gland cell (Peel, S. (25) 197)

Differentiation of cells in situ and in transplants
Cardiac myocyte; Postnatal development; Cellular polyploidization (Brodsky, V.Y. (25) 177)

Dissociated cells
Maternal-effect mutant; RNA synthesis; Cell adhesion; Gastrula-arrest (Shiokawa, K. (25) 47)

Dorsal root ganglia
Insulin; Insulin-like growth factor-I; Catecholaminergic differentiation; Tyrosine hydroxylase (Xue, Z.G. (25) 1)

Egg
Cortex; mRNA; *Xenopus* (Perry, B.A. (25) 99)

Fetal rat
Pyruvate kinase; Isoenzyme transitions; Hepatocyte (Scott, R.J. (25) 109)

Fibroblast growth factor
Astrocytes; Maturation in culture; Two-dimensional electrophoresis (Loret, C. (25) 37)

Gastrin-releasing peptide cell
Cytodifferentiation; Gut endocrine cell; Regulatory peptide (Rawdon, B.B. (25) 135)

Gastrula-arrest
Maternal-effect mutant; RNA synthesis; Dissociated cells; Cell adhesion (Shiokawa, K. (25) 47)

Gene expression, embryonic
Phosphatase, alkaline; Phosphatase, localization of alkaline; Gene expression, molluscan; *Spisula solidissima* (Murdoch, S.E. (25) 213)

Gene expression, molluscan
Phosphatase, alkaline; Phosphatase, localization of alkaline; Gene expression, embryonic; *Spisula solidissima* (Murdoch, S.E. (25) 213)

Granulated metrial gland cell
Metrial gland; Chimera; Differentiation; Bone marrow; Deciduomata (Peel, S. (25) 197)

Gut endocrine cell
Cytodifferentiation; Gastrin-releasing peptide cell; Regulatory peptide (Rawdon, B.B. (25) 135)

Hepatocyte
Pyruvate kinase; Isoenzyme transitions; Fetal rat (Scott, R.J. (25) 109)

Immunohistochemistry
Pineal gland; Cell culture; Opsin; Serotonin (Araki, M. (25) 155)

Insulin
Insulin-like growth factor-I; Dorsal root ganglia; Catecholaminergic differentiation; Tyrosine hydroxylase (Xue, Z.G. (25) 1)

Insulin-like growth factor-I
Insulin; Dorsal root ganglia; Catecholaminergic differentiation; Tyrosine hydroxylase (Xue, Z.G. (25) 1)

Intercellular contact
Xenopus laevis; Tensile stress (Beloussov, L.V. (25) 165)

Isoenzyme transitions
Pyruvate kinase; Fetal rat; Hepatocyte (Scott, R.J. (25) 109)

Lineage determination
Proto-oncogene (Ketelaar, D.A. (25) 89)

Maternal-effect mutant
RNA synthesis; Dissociated cells; Cell adhesion; Gastrula-arrest (Shiokawa, K. (25) 47)

Maturation in culture
Astrocytes; Fibroblast growth factor; Two-dimensional electrophoresis (Loret, C. (25) 37)

Meiosis
Oocyte; Taxol; Microtubule; Tubulin; *Xenopus* (Jessus, C. (25) 57)

Membrane protein
Oogenesis; Vitelline envelope; Polychaete (Lee, Y.R. (25) 23)

Dictyostelium discoideum; Sexual cycle; Cell fusion (Urushihara, H. (25) 81)

Mesenchymal cell
Retinoic acid; Prostaglandin E_2; cAMP; Chondrogenesis inhibition; Chick limb bud (Biddulph, D.M. (25) 65)

Metrial gland
Chimera; Differentiation; Bone marrow; Deciduomata; Granulated metrial gland cell (Peel, S. (25) 197)

Microtubule
Oocyte; Meiosis; Taxol; Tubulin; *Xenopus* (Jessus, C. (25) 57)

Mineralization in vitro
Organoid culture; Calvarial cell (Zimmermann, B. (25) 145)

Muscle actin gene expression
Pleurodeles waltlii; Tail regeneration (Khrestchatisky, M. (25) 203)

Nemertean
Nucleolus; Nuclear body; Coiled body; Oocyte; NOR-silver-staining (Rué, G. (25) 11)

NOR-silver-staining
Nucleolus; Nuclear body: Coiled body; Oocyte; Nemertean (Rué, G. (25) 11)

Nuclear body
Nucleolus; Coiled body; Oocyte; NOR-silver-staining; Nemertean (Rué, G. (25) 11)

Nucleolus
Nuclear body; Coiled body; Oocyte; NOR-silver-staining; Nemertean (Rué, G. (25) 11)

v-myc Oncogene
Avian embryo; Retroviral infection (Al Moustafa, A.-E. (25) 119)

Oocyte
Nucleolus; Nuclear body; Coiled body; NOR-silver-staining; Nemertean (Rué, G. (25) 11)

Meiosis; Taxol; Microtubule; Tubulin; *Xenopus* (Jessus, C. (25) 57)

Oogenesis
Vitelline envelope; Polychaete; Membrane protein (Lee, Y.R. (25) 23)

Opsin
Pineal gland; Cell culture; Serotonin; Immunohistochemistry (Araki, M. (25) 155)

Organoid culture
Mineralization in vitro; Calvarial cell (Zimmermann, B. (25) 145)

Phosphatase, alkaline
Phosphatase, localization of alkaline; Gene expression, embryonic; Gene expression, molluscan; *Spisula solidissima* (Murdoch, S.E. (25) 213)

Phosphatase, localization of alkaline
Phosphatase, alkaline; Gene expression, embryonic; Gene expression, molluscan; *Spisula solidissima* (Murdoch, S.E. (25) 213)

Pineal gland
Cell culture; Opsin; Serotonin; Immunohistochemistry (Araki, M. (25) 155)

Pleurodeles waltlii
Muscle actin gene expression; Tail regeneration (Khrestchatisky, M. (25) 203)

Polychaete
Oogenesis; Vitelline envelope; Membrane protein (Lee, Y.R. (25) 23)

Postnatal development
Cardiac myocyte; Differentiation of cells in situ and in transplants; Cellular polyploidization (Brodsky, V.Y. (25) 177)

Prostaglandin E_2
Retinoic acid; cAMP; Chondrogenesis inhibition; Mesenchymal cell; Chick limb bud (Biddulph, D.M. (25) 65)

Proto-oncogene
Lineage determination (Ketelaar, D.A. (25) 89)

Pyruvate kinase
Isoenzyme transitions; Fetal rat; Hepatocyte (Scott, R.J. (25) 109)

Regulatory peptide
Cytodifferentiation; Gastrin-releasing peptide cell; Gut endocrine cell (Rawdon, B.B. (25) 135)

Retina
Cell aggregation; Cell interaction; Suppression of differentiation; 5′-Bromodeoxyuridine (Moscona, A.A. (25) 185)

Retinoic acid
Prostaglandin E_2; cAMP; Chondrogenesis inhibition; Mesenchymal cell; Chick limb bud (Biddulph, D.M. (25) 65)

Retroviral infection
v-myc Oncogene; Avian embryo (Al Moustafa, A.-E. (25) 119)

mRNA
Cortex; Egg; *Xenopus* (Perry, B.A. (25) 99)

RNA synthesis
Maternal-effect mutant; Dissociated cells; Cell adhesion; Gastrula-arrest (Shiokawa, K. (25) 47)

Serotonin
Pineal gland; Cell culture; Opsin; Immunohistochemistry (Araki, M. (25) 155)

Sex-specific protein
Chick embryo feminized testis; Two-dimensional electrophoresis (Samsel, J. (25) 223)

Sexual cycle
Dictyostelium discoideum; Cell fusion; Membrane protein (Urushihara, H. (25) 81)

Spisula solidissima
Phosphatase, alkaline; Phosphatase, localization of alkaline; Gene expression, embryonic; Gene expression, molluscan (Murdoch, S.E. (25) 213)

Suppression of differentiation
Retina; Cell aggregation; Cell interaction; 5′-Bromodeoxyuridine (Moscona, A.A. (25) 185)

Tail regeneration
Pleurodeles waltlii; Muscle actin gene expression (Khrestchatisky, M. (25) 203)

Taxol
Oocyte; Meiosis; Microtubule; Tubulin; *Xenopus* (Jessus, C. (25) 57)

Tensile stress
Xenopus laevis; Intercellular contact (Beloussov, L.V. (25) 165)

Tubulin
Oocyte; Meiosis; Taxol; Microtubule; *Xenopus* (Jessus, C. (25) 57)

Two-dimensional electrophoresis
Astrocytes; Fibroblast growth factor; Maturation in culture (Loret, C. (25) 37)

Chick embryo feminized testis; Sex-specific protein (Samsel, J. (25) 223)

Tyrosine hydroxylase
Insulin; Insulin-like growth factor-I; Dorsal root ganglia; Catecholaminergic differentiation (Xue, Z.G. (25) 1)

Vitelline envelope
Oogenesis; Polychaete; Membrane protein (Lee, Y.R. (25) 23)

Xenopus
Oocyte; Meiosis; Taxol; Microtubule; Tubulin (Jessus, C. (25) 57)

Cortex; Egg; mRNA (Perry, B.A. (25) 99)

Xenopus laevis
Tensile stress; Intercellular contact (Beloussov, L.V. (25) 165)
